### **Game Instructions:**

Stations are located in various locations around Manzanita Flats.

Rule #1: Teams will be assigned a starting station, and will then proceed in order to complete all 8 stations or a "shotgun" start for you golfers in the teams. Do not skip stations, if there is a backup, please wait your turn.

One exception to Rule #1 is Station #8. You are allowed to work on the Station #8 activity until Dinner time.

Rule #2: Each game requires a team of two. Some games will require scouting skills; some are logic or problem solving games.

Rule #3: Each station has a time limit. All stations will be measured by time or by count. Do not ask for additional time. The top teams will receive a prize on Sunday morning.

Rule #4: It is expected that every team will act within the scouting values, and act in a fair and honest manner. You should not be influenced by other teams, don't watch other teams. Please do not pass along information about a station to another team that hasn't completed the station yet. As you can tell from the names of the stations, each will be a surprise when you arrive. The names of the stations have something to do with what you are expected to do at each station.

Rule #5: Each station will have the necessary materials or equipment to complete each activity. You may use your Scout handbook during any activity.

Rule #6: HAVE FUN!
